

VIDYATRACK – STANDARD SCHOOL ONBOARDING PLAYBOOK

1. Purpose & Scope

Purpose:

To provide a standardized, repeatable process for onboarding a school onto VidyaTrack, ensuring data correctness, user readiness, and smooth go-live.

Scope:

- Single-school onboarding
- Roles: Management, Principal, Teachers
- Parents: Notification-only

2. Pre-Onboarding Checklist (Must Be Complete)

- ☐ School consent and pilot approval received
- ☐ School calendar confirmed (working days, exams)
- ☐ Parent communication consent confirmed
- ☐ Internet reliability assessed (intermittent acknowledged)
- ☐ Primary school contact identified
- ☐ Go-live date agreed

3. Environment Preparation

- ☐ Correct environment selected (Pilot / Pre-Prod)
- ☐ Database reset (if required for pilot)
- ☐ Notification channels configured (WhatsApp + SMS)
- ☐ OTP delivery verified
- ☐ Support contact shared with school

4. Management Setup (Day 0)

Steps:

1. Management logs in via OTP
2. Create Classes
3. Create Sections under each class
4. Create Subjects
5. Register Principal
6. Register Teachers (inactive by default)

Validation:

- ☐ All classes visible
- ☐ All sections linked correctly
- ☐ Subjects listed correctly
- ☐ Staff visible in staff list

5. Teacher & Principal Activation

Steps:

1. Activate Principal
2. Activate Teachers
3. Assign teachers to subjects and sections
4. Verify teacher assignments

Validation:

- ☐ Active teachers can log in
- ☐ Inactive teachers cannot log in
- ☐ Teachers see only assigned classes/subjects

6. Student Data Setup

Steps:

1. Create student profiles
2. Add personal and guardian details
3. Assign students to classes and sections

Validation:

- ☐ Student list matches school records
- ☐ Parent phone numbers validated
- ☐ No duplicate students

7. Teacher Training (Day 1)

Training Topics:

- OTP login
- Attendance marking
- Same-day attendance edit
- Marks entry with mandatory remarks
- Viewing student profiles and notes

Validation:

- ☐ Teachers complete sample attendance
- ☐ Teachers complete sample marks entry
- ☐ Teachers understand edit cut-off rules

8. Principal Training

Training Topics:

- Dashboard overview
- Viewing students, teachers, attendance, marks
- Viewing student notes
- Sending parent communications

Validation:

- ☐ Principal can navigate all read-only views
- ☐ Principal understands access limitations

9. Dry Run (Pre Go-Live)

Steps:

1. Mark attendance for one class
2. Edit attendance same day
3. Enter marks for one subject
4. Verify consolidated exam result preview
5. Verify parent notifications

Validation:

- ☐ Attendance saved correctly
 - ☐ Edit works same day only
 - ☐ Notifications delivered (WhatsApp/SMS)
 - ☐ No duplicate records
-

10. Go-Live Day Checklist

- ☐ All teachers active
 - ☐ All students mapped correctly
 - ☐ Attendance marked successfully
 - ☐ Notifications delivered
 - ☐ Support team on standby
-

11. Post Go-Live Monitoring (First 3 Days)

Monitor:

- Attendance completion rate
- Marks submission accuracy
- Notification delivery success
- Login/OTP issues
- User support requests

Actions:

- ☐ Daily status review
 - ☐ Immediate issue resolution
 - ☐ Communication with school contact
-

12. Onboarding Completion Criteria

Onboarding is considered complete when:

- Attendance runs smoothly for 3 consecutive days
 - No critical defects observed
 - Teachers are self-sufficient
 - Management confirms readiness
-
